Competitors please note: Please bring your own mug & thermos! There will be an electric kettle & extra water to use to make more warm water. Coffee & crepe does not belong to the lunch this year, because we changed the lunch provider. Also, there is no snack/lunch seller company this year, so please bring what you need with you.

Also we ask you to take enough warm clothes with you. This year we cannot offer big heated tent or containers like in the earlier years, there are small heated tents with limited capacity (max number marked on each tent) but no space indoors for a big number of people. Own camping seat is a good idea to take with you.

The competition will be live streamed to Finice2021 facebook.

Finals will be filmed and presented afterwards at UIAA & Finice channels.

It is possible to climb at the tower on Sunday. The ice tower climbing fee is 15€ (except OKS91 members & season pass holders).
